

Ranking Tour 2011 Regulation Draft

(Last update 14th of november 2010)

1. Definition and general information

The project called Ranking Tour 2011 was conceived to attain rankings of binomials, riders and horses. On the basis of the results achieved by the end of the year, this ranking will allow us to select and reward the best classified binomials.

The registration to the Ranking Tour is single, this means that effecting only one payment the candidate will register to all the existing categories of the Ranking Tour:

- The registered binomial will show in every Binomial Ranking.
- The name of the registered rider will show in every Rider Ranking.
- The name of the registered horse will show in every Horse Ranking.

Only running races which previously signed a special agreement with the Ranking Tour will allow the rider to increase or achieve score.

Special charts will keep track of the score and position of each ranking candidate. The total of the single scores will lead to the final score which will allow us to draw up the ranking.

The property of the project belongs to : www.sportendurance.it

All ranking members will find any information regarding the Ranking Tour on the above mentioned web site.

Following is more detailed information on the project.

2. Rankings

The Ranking Tour project is made up of the following rankings:

- Ranking Tour Regularity
- Ranking Tour Speed
- Ranking Tour Riders
- Ranking Tour Horses

Ranking Tour Regularity

Features:

Competitors
BINOMIALS

Accepted categories
BEGINNERS and CEN*/R

Race Score

Score will be calculated on the following basis:

- Score determined by ranking position
- Score determined by the number of riders who started the race

Score based on ranking position will be attributed on the basis of a series of points indicated in charts reported in Attachment 1, each category will have its own table of reference.

In every chart, from position 33 onwards, each competitor in the ranking will have the score of the previous binomial diminished of 1 point, with a minimum of 1 point.

The score determined by the number of riders who started the race will be attributed by awarding the first classified as many points as the number of binomials who started the race, the others will obtain the score of the previous binomial diminished of 1 point.

Ranking Score

All scores achieved by the binomials will be summed up to give the final total score of the ranking, on this value the ranking project will develop itself on the basis of the best score achieved.

Ex – Aequo

In case of equal score, the winning binomial will be the one who:

- achieved the best percentage in km in respect to the km ran in all races of the Ranking Tour Regularity attended.
- completed more races of the Ranking Tour Regularity.

Just in case of further equal score, only for the attribution of the jackpot we will proceed choosing at random.

3. Registration of the competitors

The registration fee to the Ranking Tour is of Eur. 50,00.

To register you must provide the name of the rider and of the horse (binomial). Riders can choose to register more than one horse and to register a horse with more than one rider.

In this case, for each binomial a fee of Eur. 50,00 must be paid.

The registered binomial will attend all rankings, this means that the binomial will show in all the rankings reserved to binomials, the rider will show in the Rider Ranking and the horse in the Horse Ranking.

After the payment, the results of the following races will be considered in view of the ranking score.

For payment details please contact sportendurance@gmail.com

P.S.

It is allowed to sign up the horse without the rider or vice versa; in this case you have several opportunities:

- The rider who signed up will only take part in the Rider Ranking Tour; the signed up horse will only take part in the Horse Ranking Tour
- The rider must sign up within the 30th of April communicating the name of the horse he chose; vice versa the name of the rider of the horse must be communicated within the 30th of April.
- All the results achieved by the binomials from the date of inscription of the single horse or rider, will be valid for all Ranking Tour categories.

4. Races considered valid for the Ranking Tour

The races considered valid to achieve score for the Ranking Tour will be the ones that previously signed a specific agreement with the Ranking Project, they will show regularly in the Races Calendar of the Ranking Tour.

The calendar will be published on the official website of the project

www.sportendurance.it and www.rankingtour.com and it will be always updated on the basis of the new agreements signed by the Organizing Committee.

Organizing Committees could decide to promote their events by signing special agreements with the Ranking Tour project, for further information please follow the details listed on the project's official web site.

5. Publication of the ranking

Temporary rankings will be updated every Wednesday

Final rankings will be published at the beginning of each new year.
